Community Colleges and/or Universities have additional admission requirements prior to the awarding of credits. Please contact the institution of interest for their specific requirements.

*If a number is indicated, the Erwin graduate must enter the designated Associate Degree program within the specified number of years of his/her Erwin completion date. Students are encouraged to contact the institution of interest at the point of Erwin program completion to obtain specific articulation requirements including but not limited to time factors.

**ATD (Applied Technology Diploma) guarantees transfer of credit statewide to any community or junior college offering the same program.
