

Conditions for Receiving Financial Aid

Erwin Technical Center

1. Financial Aid funds are disbursed based upon payment periods. Aid may be credited to a student's account at the school and the balance of the award, after the account is cleared, will be disbursed to the student.
2. Any Award is contingent upon actual receipt of funds from the Federal and/or State government by Erwin Technical Center.
3. To continue receiving aid the student must remain enrolled in an eligible program and must earn **Satisfactory Academic Progress**.
4. Erwin Technical Center is given permission to release a student's financial aid/academic transcripts to the officials of scholarship or state agencies or organizations from whom the student may receive financial aid.
5. Students are responsible for reporting to the Financial Aid office any other scholarships or financial assistance not reported previously. Students are responsible for reporting scholarships and other financial assistance to their sponsoring agencies.
6. Awards including Federal Work Study or Florida Work Experience will be listed on the student's award letter as maximum amount of aid to be received. The actual amount you will receive depends upon the number of hours that you work.
7. Students are responsible for notifying the Financial Aid office immediately of any changes in name, address, or telephone number.
8. Students are responsible for notifying the Financial Aid office of changes in enrollment status including change of program, leave of absence and completion or withdrawal dates. These changes may affect your financial aid award.
9. Students may be responsible for payment when repeating a program or any portion of a program. Student must verify their status with the Financial Aid office.
10. Upon withdrawal, a student's financial aid will be recalculated based upon the Return to Title IV (R2T4) calculation. **If it is determined the student has completed less than 60.1% of the scheduled hours for the payment period, he/she will be responsible for an overpayment. An overpayment of financial award means that the payment exceeds the amount you are eligible to receive.**
11. **Students are responsible for any financial aid overpayment.** Overpayment may occur as a result of a change in enrollment status. Until complete repayment of the over award is made, a hold will be placed on the students records and the student will not be able to register for any program. **A student overpayment of federal grant funds will be reported in the National Student Loan Data System (NSLDS).**
12. Financial Aid awards are not renewed automatically. Students must re-apply for aid each award year (July 1 – June 30 school year). Applications become available at www.fasfa.ed.gov on January 1 of each year.

If you have any questions or concerns about any information listed here, please contact the financial aid office in room 159 at Erwin Technical Center or call us at 813-231-1908.

- ***Conditions are subject to change in compliance with new Federal and State Financial Aid requirements.***
