**What is the TEAS test?**

As a part of the admissions process into the Practical Nursing Program at Erwin Technical Center, you must take the TEAS test. The TEAS is designed to assess a student’s aptitude for success in the nursing program. Although the TEAS is not a nursing test, the questions are nursing related. TEAS test scores are used in conjunction with other measures of performance and are not the sole criterion for admission decisions. Higher scores correlate with a higher probability of success in the program. Students who score higher in comparison to other applicants may be more favorably considered for admission.

**What is covered on the TEAS?**

The TEAS is a 170-item, four-option, multiple-choice assessment that contains four subtests: Mathematics, Reading, Science, and English and Language Usage. The TEAS is a product of Assessment Technologies Institute (ATI) and covers the following:

- **Reading** - paragraph comprehension, passage comprehension, and inferences/conclusion
- **Math** - whole numbers, metric conversion, fractions, decimals, algebraic equations, percentages, and ratio/proportion
- **Science** - science reasoning, science knowledge, biology, chemistry, anatomy, physiology, basic physical principles, and general science.
- **English and Language Usage** - punctuation, grammar, sentence structure, contextual words, and spelling

**What is considered a “passing” score on the TEAS?**

- TEAS 4.0 Adjusted Individual Total Score at or above 70%
